TECHNICAL STAFFING

For jobs of all scopes and sizes, Technical Diagnostic Services (TDS) supplies a qualified, safe and highly skilled workforce including top experts and all levels and types of technicians.

WWW.TDSSOLUTIONS.COM

Teaming up with clients to provide technical experience and resources throughout planning, commissioning, operations, and maintenance is where TDS shines.

The only thing better than having the answer is having the experience. With technicians experienced in the operation, maintenance, upgrade and expansion of systems and facilities, let us own that burden - whether it's by providing supplemental staff to your team or as a fully outsourced solution.

Services Include:

Electrical Testing & Maintenance	Startup Testing
Relay and Meter Testing and Calibration	Acceptance Testing (System or Component)
High Voltage Testing	Plant Maintenance
Instrument and Control (I&C) Testing and Maintenance	Operations Support
